

nylon PLUG and RECEPTACLES

Here's the low-cost solution to simplified multiple circuit connections. The Molex® nylon plug and receptacle line is available in seven models providing from two to fifteen circuit termination. The patented, crimped snap-in terminals speed wire attachment and installation. The self-contained mounting ears need only to be snapped into panel hole for secure installation. Mounting ears available on either plug or receptacle or both except on Model 1375 plug and Model 1554.

Compact—Economical Circuit Design!

- 1 Durable nylon housing
- 2 Easy, snap-in, crimped terminals
- 3 Self-contained mounting
- 4 Wide variation of circuit combinations
- Excellent dielectric strength
- Simplified, fool-proof polarity
- U.L. listed
- Rated—up to 20 amps on selective circuits

**MOLEX[®] CRIMPING
MACHINE No. 1187**

**Electrically operated,
automatic terminal crimper
attaches up to 3500
terminals per hour.
Available on a purchase,
lease-purchase or
rental basis.**

MOLEX[®] PRODUCTS COMPANY

5224 Katrine Ave. Downers Grove, Ill. 60515
Telephones: (312) 969-4550 Chicago: 521-6800 TWX 910-695-3533

FORM No. 7-65-jd

Model 1545
 Circuit plug &
 receptacle for
 simple compact
 applications.

Model 1396
 Compact three
 circuit unit for
 independent
 circuit isolation.

Model 1490
 Flat, compact four
 circuit plug and
 receptacle.

Model 1261
 Six circuit
 connections made
 easy with this
 compact plug &
 receptacle.

Model 1292
 Mounting ears on
 both plug &
 receptacle for this
 nine circuit
 combination.

Model 1360
 Twelve circuit
 variations possible
 with this model.
 Ideal for more
 complex
 installations.

SEE REVERSE SIDE FOR 15 CIRCUIT UNIT

Model 1554
 Four circuit
 connector. Ideal
 for printed circuit
 connections with
 staked Bead pin
 terminals.
